Longitudinal Trend Analysis

English / Reading Grade Multi-Year Growth (+39 Points)

S. Vignolo has demonstrated exceptional long-term academic growth in English/Reading. Starting from early baseline measurements of 56%–58% in 2022, performance surged to 77% in 2023, reached upper 80s in 2024–2025, and capped off at a high of 95% in 2026.

Vocabulary Sub-Disciplinary Mastery

Vocabulary performance has consistently been a stellar area of strength, reaching repeated peak scores of 100% in 2024 and 2025, and maintaining an advanced average between 89%–98% through 2026.

Writing Proficiency Acceleration

Writing evaluations showed significant expansion from early benchmarks in the mid-80s (84%) to peak levels of **96%** in 2025, remaining strongly consolidated above **90%** in 2026.

Academic Recommendations & Action Items

- **Maintain Reading & Comprehensive Mastery:** Continue engaging with advanced literary texts to sustain top-tier English/Reading performance at or above 95%.
- **Preserve High Vocabulary Retention:** Reinforce specialized vocabulary acquisition tools that previously yielded perfect 100% assessment scores.
- **Refine Complex Composition Skills:** Support advanced essay structuring and critical analysis to keep writing scores firmly in the 90%+ tier.
