

Name: _____ Class: _____ Date: _____

Character Web

It's easier to understand and interpret a story if you "know" the characters. Use this graphic organizer to analyze a character of your choice from the play in this issue of *Scope*, or in any other work that you've read.

Make an inference about this character. Would he or she be a good friend? Is the character well-liked? Would the plot change without this character? In what ways?
