Performance Trend Analysis

Writing Mastery (Exceptional +67 Point Growth)

Writing represents C. Rebolledo's highest area of achievement. Starting from a baseline of **30%** in September 2023, writing skills accelerated dramatically to reach **88%** by May 2024 and achieved a peak level of **97%** in both September 2025 and May 2026.

English Grade Stability

Overall English performance has maintained strong stability within the **80%–88%** range from May 2024 through May 2026, demonstrating consistent mastery over core language arts concepts.

Vocabulary Progress (+22 Point Growth)

Vocabulary scores showed steady upward movement from a **50%** baseline in late 2023 to reaching a high of **72%** in May 2026. While showing solid growth, vocabulary remains the primary target for further academic strengthening.

Academic Recommendations & Action Items

- **Targeted Vocabulary Acquisition:** Implement weekly context-based vocabulary lists and word-roots study to raise performance above the 72% mark.
- **Sustain Writing Excellence:** Leverage strong writing abilities (97%) to engage in advanced literary analysis and persuasive essay writing.
- **English Grade Maintenance:** Continue structured review strategies to hold the overall English grade above 85% consistently across all terms.
