Performance Trend Analysis

📖 Reading Turnaround & Breakthrough (+42 Point Peak Surge)

Edwin demonstrated a notable long-term academic turnaround in Reading. After struggling below the 70% passing threshold between May 2022 and January 2024 (bottoming out at **52%** in September 2023), scores surged past the passing line to **81%** in September 2024 and reached an impressive peak of **94%** in January 2026.

✍️ English / Writing Consistency Above Benchmark

Since the introduction of formal English/Writing tracking in September 2024, Edwin has consistently performed above the 70% passing line, reaching high marks of **85%–92%** and closing out the May 2026 period at **85%**.

Passing Line Compliance & Mastery Status

Edwin successfully sustained performance well above the required **70% Passing Line** across all tested subjects throughout 2024, 2025, and 2026.

Academic Recommendations & Action Items

- **Sustain Reading Comprehension Strategies:** Build on the reading strategies that led to the 94% peak to prevent dips and keep scores above 85%.
- **Maintain Writing Proficiency:** Continue practicing structured composition and grammar routines to keep English/Writing consistently in the 85%+ range.
- **Monitor Long-Term Growth:** Maintain routine progress checks to ensure performance remains safely clear of the 70% passing threshold.
